

Part Time Career Opportunity (15-25 hours/week)

## Behavior Technician

Precision ABA, LLC is dedicated to enhancing the lives of children with autism and their families by providing best in class therapeutic services centering on assent and self-advocacy. We utilize research-based Applied Behavior Analysis (ABA) techniques and Precision Teaching methodologies customized to meet the unique needs and learning styles of each child. We value individuality, integrity, and teamwork and are committed to continuous learning for clients and employees.

We are seeking a part time Behavior Technician to work directly with one child at a time, either in the family home and/or our learning center. This is a perfect opportunity for new or experienced teachers, paraprofessionals, or tutors looking to supplement their income while learning new tools and techniques to instill confidence and foster skill development in each learner.

*What does a Behavior Technician do?*

Under the guidance of a Board Certified Behavior Analyst (BCBA), the Technician implements behavior support plans designed to accelerate learning while building upon individual strengths and preferences. Behavior Technicians will also honor the ongoing provision or withdrawal of client assent, will honor client self-advocacy, and will assist clients in building skills to better self-advocate and be in community with others. Behavior Technicians are vital members of the team to ensure desired goals are achieved.

*No experience in ABA? No problem!*

We provide you with extensive training, mentoring, and coaching throughout your employment enabling you to continuously learn and grow as an ABA professional. Additionally, we prepare you to earn and maintain formal credentials as a Registered Behavior Technician (RBT).

*I'm intrigued...tell me more!*

Qualified candidates must minimally possess:

- Bachelor's degree (Education, Psychology, or related field preferred)
- Experience working with children
- Reliable transportation

The successful candidate lights up when a child enters the room, is focused on the task at hand, is energetic, passionate, positive, a team player, and always eager to learn. A professional with strong self-advocacy and collaboration skills will excel in this role.

In return, Precision ABA offers:

- Company culture of love-of-learning and personal growth
- Extensive training, coaching, and support
- Competitive wages, starting at \$17 to \$20 per hour
- Performance based pay with opportunities for quarterly increases
- Paid drive time in between sessions
- Professional liability insurance
- Opportunities to collaborate with and learn from other professionals

*When and where would I work?*

Technicians work a flexible schedule that may include days, evenings, and/or weekends, based on client and Technician availability. Current openings in-home are located in the Western Suburbs/Fox Valley/Naperville areas. Precision ABA's learning center is located in Naperville.

*Are you ready?*

Come join a team of dedicated, life-long learners in supporting children to develop life skills, build confidence, and move toward what they value most. We look forward to meeting you!
